

## **Final Call for Papers**

**for the 12th Annual ENBIS Conference  
University of Ljubljana, Faculty of Economics in Slovenia  
September 10-12, 2012**

**With pre- and post-conference workshops and short courses on September 9<sup>th</sup> and 13<sup>th</sup>, 2012**

Ljubljanski zmaj (the Dragon of Ljubljana)

The 12<sup>th</sup> annual meeting of ENBIS will take place at the University of Ljubljana, Faculty of Economics and aims to build on the success of previous annual conferences bringing together statistical practitioners in all branches of our profession. The conference offers plenty of opportunities to share ideas and learn about current best practices.

**This is the final invitation to contribute to the success of the conference by giving either an oral or a poster presentation in one of the themed conference sessions.**

Contributions can consist of review papers, state of the art advances in scientific research, overview and introductory papers, presentation of an area of expertise to the uninitiated or communication of best practice and practitioner experience. Poster presenters are expected to give a short oral overview as well as exhibiting their poster.

Session topics include but are not limited to:

- Design of experiments
- Measurement uncertainty
- Process modeling and control
- Reliability and safety
- Operational risk management
- Stochastic modeling
- Data mining and warehousing
- Statistical computing
- Statistics in practice
- Quality improvement and Six Sigma
- Analytics
- Statistics education

**Please note the final abstract submission deadline: participants are invited to submit an abstract (maximum 250 words) no later than May 10<sup>th</sup>, 2012.** To submit your abstract go to [www.enbis.org](http://www.enbis.org).

Notifications of the acceptance of submissions will be sent out no later than May 25<sup>th</sup>, 2012.

Early bird registration will be available up to June 1<sup>st</sup>, 2012.

All practical information concerning travel and accommodation is available online at [www.enbis.org](http://www.enbis.org).

When making your travel arrangements and booking your accommodation please consider the possibility to take part in the pre- and post-conference workshops on Sept. 9<sup>th</sup> and 13<sup>th</sup>. The list of confirmed workshops includes the following:

- »To explain or predict?« by Galit Shmueli and Ron Kenett.
- »Teaching statistics for business improvement« by Roland Caulcutt.
- »What is needed to develop the corporate culture to support an uncertainty evaluation program« by Grant Reinman.
- »Netnography and statistics in social media« by Rob Kozinets.

While you can already register to attend the conference, the registration for the workshops will open on May 25<sup>th</sup>, 2012.

Kind regards,

Shirley Coleman & Irena Ograjenšek  
on behalf of the Programme Committee and Organization Committee of ENBIS-12
